

"WE CREATE MAGIC"

(AN ISO 9001-2015 CERTIFIED COMPANY) | MSME

Amalgamating a Galaxy | Delivering Stories | Capturing Moments | Building Experience

Who are We ?

We are a 30 years young organisation with the perfect mixture of eXperience and eXuberance ! (so you can safely assume we will deliver that X factor you are seeking out for)

The ABCD of what we do:

A MALGAMATING a GALAXY

We amalgamate a Galaxy of LED Screens through the wonderful illusion created of our Electronic Stars : PIXELS. This way, we bring to you the ultimate beauty of your visuals through our screens.

We are one of the pioneers in development and assimilation of LED Display Screen Systems in India's Experience and Entertainment Industry! We are India's leading player in the LED Rental Industry carrying a rich experience in Corporates, Events, Government work and many more.

BUILDING EXPERIENCE

We Build an Experience and please your sensory appetite through our collection of Stage Lights, Experiential Sound System, Trussing, Kinetic Balls, MI Bar Lightings, Stage Designing and much more.

Through our team of experienced Sound and Light Engineers, strong logistical backbone and a 24x7 client servicing team, we assure you will never have a DULL moment in your Experience :)

CAPTURING MOMENTS

30 Years ago, we embarked on this beautiful journey through Capturing Moments and nurturing memories. Right from marriage coverage, serial and film videography and photography to broadcast equipment supply : We are everywhere !

We are responsible for coverage of humongous projects of PM Shri Narendra Modi, Heads of Foreign Nations including Japanese PM Shinzo Abe, USA President Donald Trump, Chinese President Xi Jinping, Israeli PM Benjamin Netanyahu among others. We have covered innumerable events of President of India, Government of India, Government of Gujarat, Local Municipal Corporations, India's Biggest Corporates, Concerts of Celebrities including Bryan Adams, Cold Play Band, AR Rehman, Arijit Singh, Baadshah, and others.

Covering thousands of events, concerts, reputed government projects and what not, we have earned the respect and dignity of being a part of the journey of India's unprecedented development.

DELIVERING STORIES

Delivering Stories lies at the core foundation of our company: Video Times. We bleed Content (not even kidding). Creating appealing stories for India is what has always been the driving and motivation factors of our team.

Producing a lot of Feature / Commercial Films, TV Shows, TV Commercials, Documentaries, Short Films, etc has given us the EDGE over our competitors. With a dedicated talent pool of directors, content makers, broadcast equipment engineers, sound and light engineers, technicians comprising a rich experience of decades, we drive the future of India's Content !

Talent Acquisition, Diverse project experiences, Rich investments in Future Digital Platforms and Technology, we DELIVER THE BEST STORIES TO YOU !

In short, "WE CREATE MAGIC "

So close your eyes, relax and leave all your worries on us ! We are definitely the Most Diverse and Trusted Bunch of People you can get to solve your queries !

Industry Application

Retail

The Generation has changed. It's no longer about just providing information to your customer. It is more about attractively providing the right piece of information at the right place and right time !

Retailers have to make their store/product information properly visible to the customers so that they get attracted. The most effective and cost friendly way to do so is: Digital Display Systems. They are found to be the next gen solution for retailers and brands. Digital Displays have been immensely popular in foreign nations and it's time for India to take that leap.

Why it helps the industry :

- Attracts the customers
- The Next Gen Solution for Retailers
- Perfect Solution for Point of Purchase Sale
- Create a Buzz

Why will our product be better for you :

- Vibrant and Hassle Free
- Dynamic Controlling and Ease of Use
- 24x7 After Sales Service
- Adaptive Brightness

Entertainment

Do you run an entertainment spot? It is common knowledge for you now that customers today want to get an experience when they visit your place. Digital Display Systems are the most effective way to provide this to your consumers.

Oh, did we tell you that Digital Display Screen can also help you get an Ad Revenue ? Yeah, so what are you waiting for? Get yourself ahead of the race by contacting us!

Why it helps the industry :

- Getting Ad Revenue
- Creating an Experience for your customers
- Getting the perfect marketing spot for your clients
- Creating an overall Aura that impresses

Why will our product be better for you :

- Vibrant and Hassle Free
- Dynamic Controlling and Ease of Use
- 24x7 After Sales Service
- Adaptive Brightness

BFSI

Digital Display Screens are the best thing that could have happened to the BFSI Industry ! In this age of ever evolving numbers, lakhs of trades being made through ever dynamic systems of bidding, LED Screens are really a great solution for such industries.

Disseminate the latest numbers, data, and everything just through our LED Screens and make your way to the Digital World !

Why it helps the industry :

- Disseminate Information
- Faster Dynamic Updates
- Clear Display and Communication

Healthcare

It is common knowledge that spreading Healthcare and Vital Information is extremely important in these difficult times of health outbreaks.

Hence, we are on a mission to revolutionise India's healthcare system and digitise it. Imagine if every data and every update right from the number of beds to number of doctors to the patient details can be updated real time and presented on a LED Display Screen. How amazing this solution would be for patients, doctors and the admin staff right ?

Why it helps the industry :

- Quick Information for stakeholders in a medical facility
- Dynamic Data Presentation
- Providing Health related vital information to citizens

Why will our product be better for you :

- Ease of use
- Experience of working with Government Agencies
- Track Record of Successful Government Projects
- 24x7 Team for Any after sales support

Industry Application

Education

India is getting Digital ! And the Indian Education system is getting to the roots. To enhance this progress, digital screens have been really instrumental and effective.

LED Screens in your educational institutes can become a really effective and efficient way of grabbing attention of students and parents. This can be a sign of modern and smart ways of learning which is the TREND right now !

Invest in Digitalisation of your Education Campus and Reap unlimited rewards TODAY !

Why it helps the industry :

- Grab the Attention of Students
- Modernise Educational Campus
- Centralise Education Information Dissemination

Why will our product be better for you :

- Multiple Usage
- Consulting and Assisting for Software related support Rich
- Experience in Digitising Campuses across India Customised
- Tailored Solution for your requirements

Transportation

India is developing and this growth is unprecedented. However at the core of this growth is India's Strong and Complex Transportation Systems.

We have seen a lot of traditional methods of marketing gimmicks used at Public Transport Hubs to advertise for brands and it gives a hue result for your marketing goals. Moreover, the information distribution system is also dominated by traditional methods.

Why not digitise our public transport hubs and make the most out of it through LED Display Screens and softwares surrounding it?

Why it helps the industry :

- Digital Ad Space and New Revenue Stream
- Effective Distribution of Information
- Modernise the Backbone of India

Why will our product be better for you :

- Multiple Use Cases
